About Our Coffee

All of Latte Da!'s coffees are created by our highly skilled roasters located in Seattle and Peoria. They construct our blends after each single origin coffee is out of the roaster. The unique complexity of each coffee is coaxed out in the roasting process and they are then blended to create a marvelous mélange of aroma, flavor and body.

We believe that a great barista is a combination of artist and technician . Espresso is a complex process of brewing coffee and when it is done right, it captures the aromatic and flavor complexities of coffee that no other brewing process can achieve.

Our signature espresso is a rich, caramelly Italian-style espresso with an amazing sweet, nutty finish. We encourage you to try it as a solo shot or combined with milk in one of our many specialty drinks. Whatever your taste is, Latte Da! is sure to have something that will quickly become your new favorite drink!
